

## Door Prizes for the 2022 MGS Conference

For 2022 MGS's Fall Conference/Annual meeting will be a FREE virtual event for members. All MGS members should mark their calendars. Diane L. Richards is an accomplished presenter and has some presentations that you should find very helpful for advancing your research.

Some very generous companies have donated exceptional items to be offered as door prizes. Be sure you stay until the end of the conference if you are interested in the opportunity to be awarded one. The "winners" will be selected by a random drawing of numbers and the registrant who was assigned that number when they registered will be contacted via e-mail so MGS can ask for a mailing address to forward the door prize.

This meeting is for members only. If you are not a member, consider joining to enjoy the perks of this free workshop and other benefits of membership in the Maine Genealogical Society. [You can find out more about membership on our webpage. https://maineroots.org/members](https://maineroots.org/members)

**It is important that new members join the society and once your membership is confirmed, then register for the conference. Registration can be found at <https://maineroots.org/members>**

We ask that members do not share their Zoom link for this conference. If you do, the person you share with will show in the meeting as if they were you. That is, we might end up with two or more showing the name "Joe Smith". We won't know which is really "Joe Smith" and will make every effort to eliminate duplicate attendees before we draw for door prizes.

To date, the generous companies that have donated one or more door prizes, include [genealogical.com](https://www.genealogical.com), [Family Tree Maker](https://www.familytreemaker.com), [Genealogy Bank](https://www.genealogybank.com), [MyHeritage](https://www.myheritage.com), [Collecting Cousins](https://www.collectingcousins.com), and [Legacy Family Tree Webinars](https://www.legacyfamilytree.com). In addition to books and software, there will be year-long complete accounts with some of these companies, ones that offer varied sources for genealogists to consult.

MGS is not promoting one company over any other, but two donors have asked us to offer these brief videos so you can become familiar with their company.
